TOWNSHIP GOES WET

Monday, January 15th, was a dreary day, with slippery driving conditions here in this municipality of Anson, Hindon and Minden, but in spite of the weather history was made.

Four years ago, the people of this district went to the polls to vote on liquor outlets, and at that time the vote was defeated. Monday the second attempt was made to establish liquor licences.

The polls closed at 7 p.m. and at approximately 9:30 it was est-

ablished that the township had gone wet.

Slightly over fifty per cent of the people turned out to vote — 651 residents to be exact, cast a ballot. Sixty per cent of the people have to be in favour, for the plebiscite to be passed, on Monday an overwhelming 69% average were in favour.

The plebiscite was financed by the Minden Area Businessmen's Association, the committee of which was chaired by Mr. Dean

Elliott.

It was a busy day for both the wet and dry committees, as they worked feverishly throughout the day phoning and drawing voters to the polls. Needless to say municipal employees had their hands full, along with the Bell Telephone operators, for both of these groups did a fine job under the pressures of the campaign committees.

With the liquor question out of the way, and licences available for those who apply, the door is

open for anyone who might want to open either a Cocktail or Dining Lounge. Already a few business people have made it known that they are considering such establishments.

The Businessmen's Association now feel that they have put this Township in line with other competitive areas in the tourist trade. It is their opinion that by supplying the demand of our visitors with all the facilities, the people of this Township will all benefit.

PLANS FOR MINDEN WINTER CARNIVAL

ALL SET FOR FEBRUARY 2, 3, 4

The Minden Winter Carnival Committee chaired this year by Mr. Reg Welch, is all set for this year's big caper, on February 2, 3, 4.

This year's Carnival will be number eight for Minden, and will feature as its main attraction The Central Ontario Snowmobile Meet at the Fair Grounds along with the Lindsay Kavaliers who will stage different performances on the main street and in the arena. This large bugle and drum group have become famous across Canada, and were featured this year at Expo.

Mr. Don Berry chairman of the Snowmobile races stated this week that a good program has been lined up. He also said, "for this year's meet, we are featuring a drag race, which will be a first in Canada." He went on to say, "the track is in good condition and rates as one of the best in Ontario."

Along with the Snowmobile events and the Kavaliers, the Car-

nival has many interesting attractions for the entire family.

To mention a few of the events a fine parade kicks off the Carnival on Saturday. The Carnival Queen Contest is a well attended event as well as a very competitive one. To go with these we have broomball and hockey games, jam-can curling along with regular curling bonspiels. The Beaver skinning and tea making contest are always very exciting, as well as interesting events. Variety show, mutt contest, figure skating, turkey shoot, also take the fancy of many people.

In the district you will see many beautiful snow sculptures, and of course there is the Hootenany and Mocassin dance.

These are just a few of the many attractions the Carnival Committee has to offer on Carnival weekend. Bring the entire family and join the fun here in the village of Minden on Carnival weekend.

CURLING READY TO GO IN MINDEN

Thanks to Art, Doug, Ern Gene, Hal, Jack, Perc and others the ice is now in the curling arena — hacks and rings are placed and ready — Hoot Man! let's hope the weather co-operates.

At a meeting of the executive on Wednesday, January 10th (12 present) a committee for raising a fund to instal a new ice plant was named.

A recommendation for open-curling on week-ends (12 Noon Saturday and again on Sunday) at a fee of \$1.00 per player per game was strongly supported. This will permit family participation or lodge entertainment

Simply arrange for 2 teams and a starting time on Saturdays or Sundays when a bon-spiel is not scheduled and you can have a good time together.

At a previous meeting of the club members it was decided some form of associate membership should be encouraged. The executive approved the following dues for the 1968 season only:

Member's dues men	\$30.00
Member's dues ladies	\$20.00
Associate Member's dues	\$10.00

STUDENTS SPEAK AT ROTARY

At the Thursday, January 11th for the Haliburton Rotary Club, Miss Allison Brandon, daughter of Mr. and Mrs. Charles Brandon, of Minden, spoke on her dish washer "Irma". Miss Rosemary Elstone, daughter of Mr. and Mrs. H. Elstone of Soyer's Lake spoke on "Euthanasia". These students were the winners of the Junior and Senior Public Speaking Contest at the High School.

BONES FOUND NEAR COBOCONK BELIEVED THOSE OF GIRL, 18

Bones found last month in Balsam Lake Provincial Park near Coboconk have been identified by Provincial Police as those of a girl between 17 and 19. A report from Toronto, where the skeleton was sent for examination by forensic experts, describes the girl as five feet, three inches tall with light brown hair.

The bones were earlier thought to be those of a teenage boy.

Police said today experts would try to make a composite sketch of the girl.

The bones, found Dec. 17 by 21-year-old Donald Alton, who was apparently looking for part-ridges in the bush about 60 feet from the roadway, were believed to have been there about eight months.

The only articles of clothing found in the area were a pair of white running shoes about 40 feet from where the skeleton was found.

HERE AND THERE

by FENWICK FINCH

Years ago Socrates made the following statement and, it holds good today.

"The partisan, when he is engaged in a dispute, cares nothing about the rights of the question, but is anxious only to convince his bearers of his own assertions."

That has always been my feeling — there just ain't no use in arguments, that's why I refused to get drawn into the liquor question. So many people seemed interested in my views that I thought by taking a stand and voting "YES" they would know and that would forestall any arguments.

* * *

Rev. Brubacker's letter was appreciated by everyone who read it. I have always held him in high regard and I marked well what he said. Early in this column I stated there would be no "pearls of wisdom" nor would anyone ever take much of value from it. I'm glad that I have an ally such as the Rev. Brubacker who backed me up when he said, in part, "— I had always viewed his writing as bits of joking, senseless chatter with no real moral or lasting value — etc. etc."

I couldn't agree more, you'll get no argument from me. There is one thing that has always bothered me though. Maybe someone has the answer. In all communities little or nothing is said about gambling in any way, shape or form. Gambling goes on in all communities under the auspices of churches, service clubs etc. but what is done, is rationalized. Every year our communities come up with illegitimate children etc. etc. but no one seems to get upset — BUT — just mention the word "Liquor" and the roof falls in. Why is this?

* * *

While on the subject of thankfulness I'd like to thank the many of my readers who have been interested and kind enough to mail me Temperance folders, Religious tracts and poetry. These are all appreciated and filed away in my reference records.

* * *

The latest report I have just received from Sir Sam's Inn is that "skiing has never been better." There is one word of warning, better telephone Sir Sam's and check on the accommodation — the crowds have been pretty heavy over the weekends — so, my Toronto readers had better phone first and tie up their reservations or they will — literally, find themselves out in the cold.

* * *

Channel Nine has finally come up with a beautiful picture on the "Cable" but wouldn't you know it — there's some kind of interference coming in from the Orillia, Water and Light and Power Transmitter. The Department of Transport has investigated and this should be cleaned up shortly and then we'll be away again. Who says owning a cable system is all sunshine?

* * *

Under the "wouldn't you know it column". Earle Casey, former Manager of the Dysart Telephone System has got to be a member. In all articles I have seen extolling the virtues of all and sundry, Earle's name was never mentioned. Mr. Casey was skilled and dedicated Sec'y and Manager and it is to be hoped that some sort of appreciation for his work is being planned.

* * *

And so until next week think upon this from the "Old Testament" — "Wine that maketh glad the heart of man."

Fenwick

ANNUAL MEETING MINDEN RED CROSS HELD FRIDAY

The annual meeting of the Minden Branch of the Red Cross will be held in the Anglican Church Parish Hall on Friday, January 19th. at 8:00 p.m. Everyone is cordially invited to attend this meeting and each year a keener interest has been shown by the attendance of those from Minden and the surrounding area.

Many topics of interest are discussed on the work performed by your local branch and presentations made to the children who successfully completed their swimming classes.

The executive of your branch has also arranged to have a very important person address this meeting in the person of Mrs. A. Irene Pappin, Director, Volunteer nursing services Ontario Division of the Canadian Red Cross Society.

Born in Renfrew Ontario, Mrs. Pappin attended St. Joseph's Academy in Renfrew. She earned her Reg. N. from St. Joseph's Hospital in Peterborough and Public Health Nursing degree from Ottawa University. She is also in the process of completing requirements for her B. Sc. in Nursing.

Her professional experience includes 12 years of hospital nursing and six and one half years of public health nursing. She is also a member of the Registered Nurses Association of Ontario, Canadian Nurses Association and the International Council of nurses.

What would be more appreciative than to see a packed house to meet Mrs. Pappin and let her take home a feeling that we are a Community with the forward look and very much interested in the preservation of our Red Cross Branch.

See you on Friday January 19th at the Parish Hall in Minden.

HALIBURTON MAN APPOINTED GOVERNOR OF AREA COLLEGE

Ronald J. Curry of Haliburton has recently been appointed a member of the Board of Governors of Sir Sandford Fleming College of Applied Arts and Technology.

Connected for many years with elementary and secondary education, Mr. Curry was for over a decade a member of the Haliburton County District Secondary School board, and served the community on the County Council advisory committee for several years.

Ronald Curry has also had a wide experience in municipal life both at the Township and County level, and along with his long business relationships in the community, will enable him to make a noteworthy contribution to the College board.

Ronald Curry, R. Glen Hodgson M.P.P. and H.H.S.S. principal Douglas Hodgson attended the official opening ceremonies in Peterborough recently.

THE PEOPLE'S CHOICE

One of the greatest features of Democracy, is that the people make their own choice. Not only is it up to them to decide how to vote for themselves, but also their decision is confidential to only themselves.

Like in any vote of course, some must be losers. This is life. one must take the bitter with the sweet, and at the same time, try to keep an open mind. In the case of the liquor laws in Ontario a 60 per cent majority is needed to gain licences for lounge outlets. The feeling taken by the government is that this is a touchy subject, a larger majority would be more favourable to everyone. In most cases, general votes or elections are on a 50-50 basis.

It was a cleanly fought campaign between the vote "Yes" camp and the "No" camp. Both organizations, and this is what they were, well organized, published advertising and mailed circular letters, stating their platforms. The pros and cons of this vote have been discussed many times over the last few weeks. But, it was quite evident by the outcome, on Monday, just what the voting public wanted for this town in the way of Licenced outlets.

We have stated our position in this column over the last month, and we feel that this community has made the right decision.

When we look at other tourists areas and find that they have all these conveniences for their travelling visitors, this "Yes" decision comes not too soon to this area. These new outlets will keep us abreast with the times and competitive for business.

Those loosing their vote on Monday should not be too discouraged for it is only a matter of time, possibly two or three years, at which time these ridiculous liquor laws will be lifted in Ontario, making possible the sale of liquor and beer available to any community without a costly vote.

The most difficult obstacle in life for most, is the ability to change ones thinking or accept the changing in time. This however, is something we all have to face.

I can picture myself in forty years, if my ticker still works, carrying a protest sign, against the high cost of travel to Mars. I will say, "back in my younger days, you could take a flight around the world in 12 hours for a mere few shekels."

We must admit to ourselves that alcohol has been with us since the beginning of time, and will remain with us for ever. It is up to the individual whether or not he will consume alcohol or not. It is also up to the individual whether he abuses the privileges or not.

In a democracy it is not up to any one group to take these privileges away from someone who enjoys them. An individual should be free to come and go as he likes eat what he likes, and drink what he likes.

It is our opinion, that the people's choice here on Monday meant progressive thinking, the kind of thinking our community needs to move ahead to be a better livelihood for all.

VICTORIA - HALIBURTON HEALTH UNIT

BUDGET FIGURE OF \$165,000 SET

Victoria - Haliburton Counties Health Unit Committee Friday set a tentative budget figure for the first year's operation and appointed a secretary-treasurer for the committee at a meeting held in Lindsay.

After consideration of staff requirements, including a medical health officer, public health nursing superintendent, a chief inspector, public health nurses, clerical staff, equipment and rent for office space the committee arrived at a tentative budget of approximately \$165,000 for the first year. Based on nine months of operation in 1968 the net figure after subsidy was estimated at \$75,000. Committee members considered the resulting per capita cost just over \$2 as being a reasonable figure.

The committee considered the advisability of hiring a secretary-treasurer for the two county unit and district health supervisor Dr. Allan of Kingston, who attended the meeting, pointed out in more than fifty per cent of the county units in operation, the county clerk-treasurer also served as secretary-treasurer of the county health unit.

After considerable discussion a motion was passed hiring Frank L. Weldon, clerk-treasurer of Vic-

toria County, as secretary-treasurer of the Victoria-Haliburton Counties Health Unit, at a salary of \$175 per month.

"Each municipality should save a considerable amount of money on the county health unit as compared to separate municipal units," commented Charles Brandon, reeve of Anson, Hindon and Minden, and one of three Haliburton County representatives at the meeting. Other Haliburton representatives attending were Haliburton County Warden Roy Brohm and Reeve Robert Beeney.

At Friday's meeting Dr. Allan advised the committee to get the Victoria-Haliburton unit in operation first then support the formation of a district unit.

Under a district unit Provincial subsidy on approved expenditures is 75 per cent as compared to 50 per cent on county basis.

Dr. Allan pointed out the Provincial department would require the same base of facilities and services from the proposed district unit.

Charles Brandon was of the opinion that Victoria-Haliburton "should push" for a district unit and thus exert pressure on Peterborough City and County to reconsider their stand.

LETTER TO THE EDITOR

January 16, 1968

Dear Sir:

May I through the columns of your paper express the sincere thanks and appreciation of the Executive of the Haliburton County Tuberculosis & Health Association to all the good people of the County who contributed to the Christmas Seal Campaign. A "Thank You" to you and your staff for the many informative news items you graciously publish. Last but not least, thanks to the Wilberforce students, the Postmasters and all volunteers who helped in any way.

The TB Association has kept pace with the changing TB picture and in taking on new responsibilities. Its Charter was changed a few years ago to include the whole field of Respiratory disability.

With the continued support of the dedicated people throughout the County we'll continue to make a fine contribution to the health and happiness of all.

Sincerely yours

M.P. Waddell, President,
Haliburton County Tuberculosis & Health Assoc.

P.S. Contributions for Christmas Seals are still welcome at Haliburton County Tuberculosis and Health Association, Box 38, HALIBURTON, Ont.

WOODS, WATERS AND WILDLIFE

By James Woodford

As 1984 approaches with alarming speed, visionary ideas are being proposed to solve the problem of where to put all the people.

Some of the ideas seem wild, until you take a close look and find that maybe they make pretty good sense — if we can give them a try.

At the annual meeting of the American Association for the Advancement of Science, just held in New York, Dr. Athelstan Spilhaus unveiled plans, now in a study stage, for a new experimental city to be built "from the underground up" in Minnesota farming country. Dr. Spilhaus proposes completely new cities which would make full use of ever new techniques of every new techniques of science, systems analysis, transportation, construction and organization.

Highlights of the proposal include —

Dispersing people by building new cities in relatively empty areas, with a population of perhaps 300,000 set amidst some 40,000 acres of surrounding farmland, parkland and forest.

Elimination of air-pollution by sending air pollutants from tunnels and from factories into a underground "fume sewer" for treatment at an airscrubbing plant.

Elimination of water pollution by complete treatment of sewage

and industrial pollutants.

Elimination of traffic congestion by making everything above ground for pedestrians only, with efficient public transportation and small "people pods" to carry a few people, via automated rail, to whatever destination they desired within the city.

In a sense it would be easy to shoot holes in such idealistic schemes. For example, I challenge anyone to design a public transportation system equipped to move two pre-school children and all their paraphernalia to Grandma's for the day.

There will be plenty of problems if these ideas are translated into reality — but according to the Federation of Ontario Naturalists what human venture doesn't have problems? And if we are to accommodate double our population by 2000 A.D. we need bold and perhaps brave solutions.

MINDEN JUVENILES WIN

LAST TWO STARTS

The Minden Juveniles under the watchful eye of coach Gene Whitney, have paced themselves to two victories in their last two starts.

The locals played here in Minden on Wednesday January 10th and downed the Oakwood club to the tune of 6-0. Scoring in that game were Jim Cowan, Bob Sisson, Steve Hill, Dan Hill, Rockory and Fleming.

On Monday of this week the Juveniles bounced the Beaverton Club 3-1. They pulled this out of the fire in the dying minutes of game, and scored their third goal into the empty net. Johnson scored two while Jim Cowan picked up the single.

RED CROSS
IS ALWAYS THERE
WITH YOUR HELP

SPORTS

WITH BOB BEENEY

The death of Minnesota North Star's Bill Mastersen will likely raise a cry for compulsory headguards for all players playing organized hockey. Mastersen was injured when he fell and struck his head on the ice on Saturday night in a game between Oakland and Minnesota.

All players in organized minor hockey leagues in Ontario are required to wear helmets and have proven quite successful.

However in higher amateur and professional leagues they are not compulsory although some players who have had head injuries wear them.

It is unlikely that you will see a change take place in the National Hockey League unless legislation through some level of government has a way to force the issue.

The death was the first in the 51 year history of the National League although many players have suffered minor head injuries.

If more of the rough play and high sticking was erased from the game a recurrence of this unfortunate fatality would likely be eliminated.

Two grants announced today by National Health and Welfare Minister MacEachen will finance five regional football coaching clinics and the first National Officials Clinic for amateur football.

The grants, awarded under the Fitness and Amateur Sport Program, total \$25,675.

The regional coaching clinics are to be held at the University of Alberta, Edmonton; University of Saskatchewan, Saskatoon; Bishop's University, Lennoxville, N.S.; St. Francis Xavier, Antigonish, N.S.; and one other University, to be selected in Central Ontario. Approximately 270 coaches, most of them at the high school and minor football level, will receive advanced instruction at the regional clinics. They, in turn, are expected to conduct smaller clinics for other coaches in their home areas.

The National Officials Clinic, the first ever held in Canada, is slated for mid-summer at the University of Manitoba. Thirty students will attend the three-day course, which is being run as a joint project by the Canadian Football League (professional) and the Canadian Amateur Football Association.

In announcing the grant, Mr. MacEachen noted the interdependence of professional and amateur football in Canada. "I've always felt that amateur and professional sport were interdependent on each other," he said. "They can't afford to ignore each other, and in fact, they must continue to support and nourish each other."

"This National Officials Clinic is a prime example of what mutual co-operation can accomplish. Officials of the Canadian Football League have been more than generous in assisting in the planning of this clinic. Officers of the Canadian Amateur Football Association have been equally enthusiastic and generous with their time in organizing the clinic."

"Amateur football can only benefit through this upgrading of officials. And professional football too will benefit in the long run in ensuring a continuing supply of properly trained and experienced officials," observed the minister.

Ontario will send nine officials to the clinic; eight will attend from Quebec, four from the Atlantic provinces, three from British Columbia and two from Alberta, Saskatchewan and Manitoba.

LETTERS TO THE EDITOR

Box 815 Blantyre,
January 1, 1968.

Dear Sir:

Having just completed my second year under contract with El-toral Aid in Ottawa and Stationed in Maalwi as sawmill Advisor, a lot of things have happened in that two years, a recent event may be of interest.

Mr. Beenwell Chepato is one of my Main Men in the Blantyre mill, he was easy to teach to operate different machines and was very well liked by the Mill crew. Last July with his wife in the Hospital the two children would sit all day near the machine he operated, they wouldn't move from where he placed them, this went on for two months, then one day he told me he had very bad trouble as his wife required a Blood Transfusion and the Hospital could not get the type required. I gave him my card to take to the Hospital with my Blood type stamped on it. He returned with a letter from the Hospital saying my blood type was right and to come as soon as possible as time was running out. The blood transfer was made and when I left on Home leave August 18 she was well and home with her family. When I return-

ed October 25 and went to the Mill in the afternoon to be surrounded by the Mill Crew to shake hands and welcome me back, Beenwell told me his wife had a baby boy and they wanted me to name the baby. I was at a loss to know what to call the baby so I asked my house boy whom is over 50 years old and above average intelligence he said he would like carrot.

The naming ceremony was set for the following Sunday at 1:30 P.M. My brother Herm came along with his camera according to custom I gave a small Present and in three days a full outfit of clothing. I never seen a black carrot before but we have one here now. To wind up the ceremony Beenwell insisted on saying a prayer thanking the lord for sending me to help the People here, especially him.

It is spring time here now and the natives are busy planting crops. My garden Boy has our garden planted including corn and tomatoes I brought back. Temperatures range between 70 and 80 degrees.

Yours truly,

Russell Johnson

Box 815 Blantyre

Malawi Africa

Pictured here is Mr. Russell Johnson, and Mrs. Beenwell Chepato, with two of her children. Mr. Johnson, was able to save this woman by donating his rare blood type at her time of need.

Today's Child Photo — The Telegram

Not so long ago Tommy wasn't very certain that anyone could give him the love and security he wanted so badly. Adoption changed all that by providing him with loving parents who will give him what he needs to be a happy healthy child. Many other children are available for adoption. If you are interested write or phone the Kawartha-Haliburton Children's Aid Society in Lindsay. The phone number is 324-3594.

HALIBURTON COUNTY TUBERCULOSIS AND HEALTH HOLDING MEETING

A regular meeting of the Haliburton County Tuberculosis & Association was held Monday, January 8, 1968, at 8 p.m. at the Haliburton United Christian Education Centre. Despite the frigid temperatures there was a good turnout of members.

The President, M.P. Waddell was in the chair and opened the meeting by expressing the hope that the affairs of the Association would carry along well until the end of the fiscal year in March.

The minutes of the December meeting were read by the Secretary. On a motion from Mrs. D.B. Hartle, seconded by W. J. Rae Stinson, the minutes were adopted as read.

Correspondence and Christmas Greetings were read.

Christmas Seal Chairman Mrs. M.P. Waddell reported that the Christmas Seal Campaign returns were very gratifying. Thanked the various members who had given assistance to Mrs. Schfield with the returns. Remarked that TB Place Mats had been used in the Highland Crest over the Holidays and that the Minden Librarian had expressed grateful thanks for the bookmarks received.

Case Finding: W.J. Rae Stinson reported that the Haliburton Clinic in December with Mrs. B. Howe as volunteer was quite well attended considering the time of year. Clinic attendance reports were read and the next Clinic will be held in Minden Anglican Church, January 18, 1968 with Mrs. K. Banton as volunteer.

Social Service & Rehab: Mrs.

A. Saunders reported that our post san patient had expressed his thanks for the Christmas Hamper sent. The Oxegyn Gauge purchased by the Association in the loan cupboard of the Minden Red Cross Outpost be turned over to the Red Cross Hospital with the stipulation that should a home patient require oxygen this be made available.

Publicity: Mrs. G.V. Mc Manus reported that articles have again appeared in the Haliburton County Echo and the Minden Progress.

Health Education: Mrs. B. Howe reported that Abstracts and IBB Posters would be sent out this week. Suggested we check with Mrs. G. Miller to see if she had a copy of "Family Living and Sex Education before considering purchase of same.

Other Business:

The OTA Semi Annual Meeting, January 27, 1968 to be held at the Royal York in Toronto to be attended by Mrs. G. V. Mc Manus, our OTA Representative. The Seal Campaign Clinic to be attended by Mrs. K. Banton January 26, 1968. The Annual Meeting date for the Association was tentatively set for May 6, 1968 with Dr. Floris King of the Canadian Tuberculosis Association to be approached as our Guest Speaker.

Recordings of the OTA Regional Meeting were distributed for reading by members.

Moved by W.J. Rae Stinson that the outstanding accounts be paid, seconded by Mrs. M.P. Waddell.

A motion to adjourn was made by W.J. Rae Stinson seconded by Mrs. M.P. Waddell.

HUNTING LICENCES

Any person wishing to procure their first hunting licence must now successfully pass an examination given by Conservation Officers of the Department of Lands and Forests. All examinations will be by appointment only and an appointment may only be obtained by contacting your local Conservation Officer or local Department Office and completing an application for a hunting licence examination. All applicants will be notified by mail as to the time, date and place of their examination.

The examination consists of two parts: (1) A written portion consisting of 20 true and false questions and 20 multiple choice questions. A pass mark consists of not more than 5 incorrect answers. (2) A practical test where the applicant must demonstrate the safe carrying and handling of various types of firearms, and how to load and unload using dummy ammunition.

An applicant must be at least 15 years of age (proof of age is required) and the examination fee is \$3.00 payable before trying the test.

It is recommended that before any individual applies for a test that they should have some type of formal training. This training may be obtained from any qualified instructor under the hunter safety training program or from a relative or friend who has a thorough knowledge of safe hunting practices and safe gun handling. The Department will supply upon request pamphlets and booklets to assist persons wishing to qualify for a hunting licence.

If a person has lost or misplaced his hunting licence, which had been purchased from a licence issuer within this District, it may be possible to trace his original licence through the Department of Lands and Forests Office in Lindsay. If the Licence cannot be traced the person will have to pass the examination to requalify for a new licence.

LINDSAY CREDIT BUREAU SOLD

James M. Nolan, President and General Manager of the Credit Bureau (Lindsay) Ltd., announced on January 2nd, 1968, that he has sold the Bureau to Ronald Moyer, of Aurora, Ontario.

Mr. Moyer is President and General Manager of the Credit Bureau of Newmarket Ltd. Mr. Moyer has operated the Newmarket Bureau for the past four years. Prior to this he was employed with a national sales finance company in various management positions for eleven years.

Mr. Nolan has operated the Lindsay Bureau for ten years. He will continue to manage the Bureau until June 30th, and he will announce future plans at a later date.

COMING EVENTS

Annual Meeting of the Minden Branch, Canadian Red Cross will be held Friday, January 19, 1968 at 8 p.m. at the Anglican Church Parish Hall. Guest Speaker will be Mrs. Irene Pappin, Director of the Volunteer Nursing Services.

"The Haliburton School of Fine Arts will hold a meeting of interested people concerning Wednesday night sessions of drawing and painting which we will be having at our new headquarters. If you are interested in attending these sessions, we will be pleased to meet you at our new Headquarters on Highland Street in Haliburton on Wednesday, January 17th at 8 p.m. We look forward to meeting you then — plan to attend if you are interested.

Card Party sponsored by St. Paul's A. C. W. will be held in the Parish Friday January 26th, 8:00 p.m. Prizes will be given for Euchre, Crib, and Bridge. Lunch will be served. Admission - 50c.

REAL ESTATE CAREER

Here's an opportunity to put your knowledge of the community around you to use. Gibson Willoughby Limited, the most respected name in town and country real estate circles, requires representatives to work on a commission basis. Congenial men and women who enjoy the esteem of their communities, are needed now to service this area. All our agents are entitled to join our group P.S.I. and life insurance plans and participate in our vast lead and referral system. A real estate background is an asset, however if you enjoy serving the public, have energy and ambition, and wish to make selling your career you have all the ingredients necessary for success. Investigate today. Contact in confidence: S.R. Pasternak, Country Property Division, Gibson Willoughby Limited, Realtor, 46 Eglinton Avenue East, Toronto 12 Ont., Telephone 362-5484.

RABIES

Rabies is a fatal infectious disease which may affect any warm blooded animal including man. In certain provinces, especially Ontario, wildlife is heavily infected with rabies virus. The fox and the skunk account for more than 90 per cent of diagnosed cases. Health officials recommend that all family pets be vaccinated against rabies and revaccinated at least every two years. While rabies may not affect the part of the country where you live at a time when there are reported outbreaks, it is wise to teach children to observe wild life at a safe distance. Do not coax, play with or handle wild animals or touch any animal found dead.

MINDEN DETACHMENT

REPORT

by Constable E. F. Whitney

Since the beginning of 1968 Minden Detachment has investigated nine motor vehicle accidents with total damage estimated to be \$2320.00. One person was injured as the result of these accidents.

NOTICE

Wanted for a Television program to be based from the Haliburton Muskoka area, places or products or annual events native to this area which you believe should be patronized by tourists or boughten by people in other countries, Kindly send your information, with a five dollar reader's entry fee to Don Elstone, Box 49, R.R. 1, Dwight, Ontario before February third, 1968 (Secondary or Primary students free)

C.G.A. AND COMMUNITY COLLEGES TEAM UP ON BEHALF OF STUDENTS

College students on Business Administration and Accounting courses will be forsaking the traditional pick and shovel summer jobs this year in favour of Accounting-Office positions. In cooperation with the Community Colleges, members of the Certified General Accountants Association of Ontario are registering their firms summer vacancies with their Association. C.G.A. will refer them to college placement officers in the various communities. In commenting on the plan, Herbert H. Perry, C.G.A., Executive Secretary of the Association said: "These students have skills they can contribute to the employers' firms. They are expected to fully earn their wages". Mr. Perry urged during the summer to contact Certified General Accountants Association at 25 Adelaide Street East, Toronto 1.

DRIVER EDUCATION

Date: Monday, January 29, February 5 & 12.
Place: Lakeview School — Haliburton
Time: 7:30 p.m.

Date: Tuesday, January 30, February 6 & 13
Place: Minden Public School.
Time: 7:30 p.m.

These charges are open to anyone, driver or non-driver. There is no charge and all that you have to do if you wish to attend is be at the school of your choice on the date of the course.

COMMITTEE MEETING

The Library Committee for Minden met at the Library on Monday January 8th with all members present. A new member was the Rev. Thatcher. Robert Gorrie was elected Chairman and Mrs. Moore Secretary Treasurer. Reports were given by the Secretary and the Librarian.

A budget for this year was set up so that it could be included in the County Library Board Budget for the year.

Some repairs are to be made to the building. The meeting adjourned until the regular date of February 19.

BOOK REVIEWS

Juvenile Non Fiction

Trail Blazers of the Air

Kylie Tennant tells the fascinating story of airmen who struggle against difficulties. This story features Australian's part in the conquest of the air.

Juvenile Fiction

Secret Passage

Betty Cavanna captures the readers fancy again with a background of a secret passage used in Revolutionary times.

Adult Fiction

Landfall

In Neville Shutes book, again, the reader finds excitement with the men of the RAF and has pace sentiment and gaiety in his own fine style of writing.

Adult Fiction

A Bride for Pegasus

Katherine Shippen narrates the accounts of people who have tried flying from Daedalus to modern times.

Although flying has become common place still the reader will be stirred by the possibilities of the future.
